# The next evolution of Lightning Reach

**Refer**

**Reach people early and  
guide them to the right  
support**

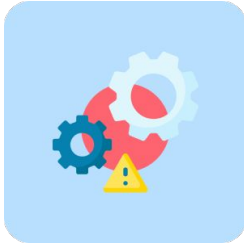

**Apply**

**Simplify and strengthen the  
process of understanding  
need and eligibility.**

**Deliver**

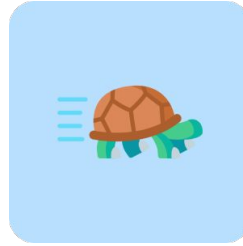

**Move from decision to  
impact, quickly, frictionless,  
and at scale.**

# What's the problem?

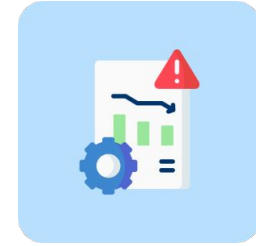

## Multiple suppliers

Up to 5 different systems used,  
creating inefficiencies

## Waiting time

Applicants wait days for awards to  
be processed/administered

## Manual Admin

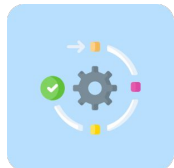

Time intensive, manual process and  
risk of data errors

# An exciting new solution

## One system for everything

Receive and review applications, fulfil awards across multiple fulfilment categories and get automated reporting

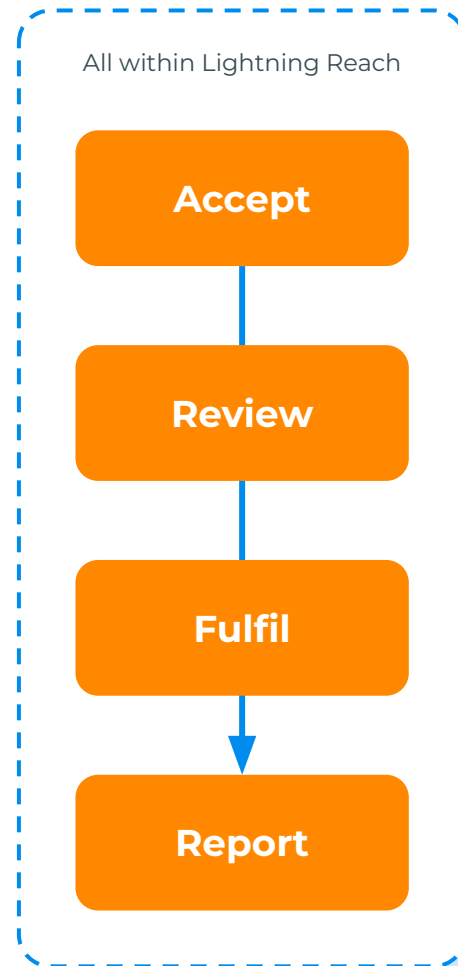

## End-to-end

Automatic data transfer - no duplication, no errors

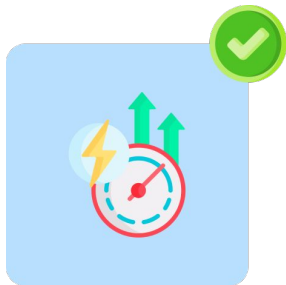

## Instant fulfilment

One-click fulfilment from award decision

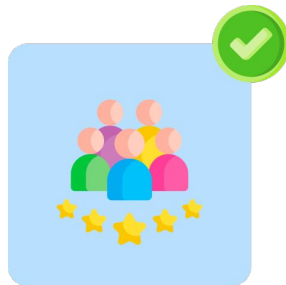

# How can Lightning Deliver benefit you?

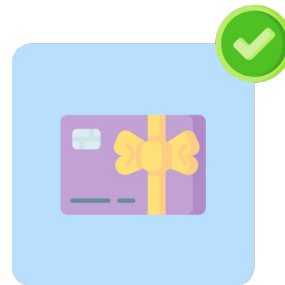

## Accelerated Support

Give support to your clients faster than ever at a time when they need it most

## Make lives easier

A streamlined experience for both you and your clients, improving efficiency and satisfaction.

## More team capacity

Reduce fulfilment admin time by up to 90% by removing manual processes, repetitive administrative tasks and multiple systems.
